

## Can Contingency Contracting be done Electronically?

**Introducing BRCCS: Battle Ready Contingency Contracting System –  
Frontline contracting without the paperwork**

### Your New Support System

Handling contingency operations is challenging enough without having to worry about keeping paperwork straight. Getting supplies and services – faster – to the people who need them is not only necessary, it's rewarding. Now, with BRCCS, SPS's mobile system, contingency contracting has become easy *and* convenient.

#### When You Need It. Yesterday.

BRCCS has been used around the globe in various settings and often where offices have no walls. With BRCCS, you create an office around your laptop. There's no paper – no filing, faxing, or making copies.

For military operations, disaster relief, and humanitarian missions, this advanced contracting and procurement system:

- Can be used anywhere, at anytime
- Gets America's warfighters **what** they need, **when** they need it
- Reduces paperwork, increases e-business

#### The Buzz about BRCCS

- Easy to learn and use
- Saves time and money
- Fulfills orders and changes faster
- Puts an end to paper trails
- Uses leading DoD procurement technology
- Interfaces with 32+ systems across DoD

***“Under the old system, it would take about 2.5 hours to get a purchase order into a vendor's hand. Now they've got it down to about 10 minutes.”***

— MAJ Kenneth Buck, USA, Logistician, Army National Guard  
(Active Guard Reserve)

#### About SPS:

- Automated contracting system that standardizes procurement processes across DoD
- Establishes framework for DoD business intelligence tools
- Will replace 70+ legacy systems
- Only standard business solution in DoD
- Cornerstone of DoD's Acquisition Domain, ensuring end-to-end procurement

# BRCCS at a Glance

## Procurement Desktop-Defense (PD<sup>2</sup>): A Solid Foundation

PD<sup>2</sup>, the backbone of SPS and the brains behind BRCCS:

- Is on more than 23,000 desktops in 50 states and 15 countries, including Iraq, Afghanistan, Cambodia, and Bosnia
- Used to procure more than \$48B in goods and services in FY03
- Provides consistency across DoD and supports the Department's logistics, acquisitions, and financial management goals

## SPS:

- Increased asset visibility
- Reduced footprint
- Logistics multiplier

---

***"With fewer mistakes, you'll get more of your contracts through the invoicing and payment steps smoothly."***

— MAJ Reggie Terry, USA, Administrative Contracting Officer,  
Coalition Provisional Authority, Al-Hillah, Iraq

---

SPS has been recognized recently with several technology awards, including the Fed100, Excellence.Gov, and the Grace Hopper Government Technology Leadership Award.
